

Lwin Oo Naing

BangNa, Bangkok, Thailand | (+66) 813208447 | lwino.naing.301@gmail.com | [GitHub](#) | [Portfolio](#) | [LinkedIn](#)

Summary

Highly collaborative **Software Engineer** with **3+ years** of experience specializing in the **JavaScript ecosystem (React, Next.js, Node.js, TypeScript)**. Proven record of developing high-volume, scalable web applications and delivering significant business results, including **scaling user traffic by 150%** and **improving application rendering performance by 50%**. Focused on driving code quality and high test coverage in **Agile/Scrum** environments.

Selected Skills: JavaScript | TypeScript | React | Next.js | Tailwind CSS | Git | Jest | Docker | NodeJs | PostgreSQL | MongoDB

Work Experience

Intalance (London, England, Remote)

September 2023 - September 2025

Software Engineer

- **Spearheaded** and managed key feature lifecycle development from technical conception to final deployment.
- **Collaborated** with stakeholders and designers to refine technical requirements and user stories within a dynamic **Agile/Scrum** environment.
- **Dramatically improved** application reliability by elevating unit test coverage from **60% to 90%**, establishing new internal quality standards.

Yammbots Company Ltds. (Yangon, Myanmar, Hybrid)

May 2022 - August 2023

Software Engineer

- **Architected** and **developed** a Unified Cinema Booking System, integrating diverse APIs to **scale monthly users from 100K to 250K (a 150% increase)**.
- **Engineered** a high-availability Facebook Page Management System, efficiently **processing over 100K daily user messages**.
- **Reduced error rates by 40%** by implementing robust error handling and monitoring mechanisms within the Real Estate Authentication System.

Mizohla (Yangon, Myanmar, Remote)

June 2021 - April 2022

Backend Developer

- **Engineered** and optimized core search logic (using **Node.js**) to deliver **60% faster and more accurate search results**, enhancing data flow and user experience.
